

## **Students with disability for web site**

### **Special Accommodations (Students with Disabilities)**

Valley Grande Institute provides accessibility and support to individuals with disabilities. We comply with all state and federal laws. Applicants and students who would like to request an accommodation may do so by contacting the School Director or Human Resources Director at 956 973 1945.

Any individual who has a concern about an accommodation, or about discrimination or harassment based on a disability, should report his or her concern using the procedures described in VGI Statement of Equal Opportunity, Rights of Individuals with Disabilities and Harassment policies located in the School Catalog.

VGI also encourages employees, applicants, and students to notify VGI administration of any threat to health or safety – including where, as a result of an individual’s disability, there is a “direct threat” as defined by applicable law.
